

Karen Stears, Genetics Counselor

“If we don’t have a healthy environment, we don’t have healthy food, we don’t have healthy air, and we cannot be healthy ourselves.”

Acting on climate gives Karen hope for the future.

2021 International Building Conservation Codes

A Montana Climate Victory, With more action needed...

After testimony from health professionals and other climate advocates, MT's Department of Labor has adopted the 2021 recommended energy efficiency codes. This will make our new buildings/homes more efficient, lower energy bills, and decrease carbon emissions!

***We still need our cities to ADOPT the codes - see what you can do [here](#).
