Thanks! We now have over **1000** subscribers. There is strength in numbers. Invite a colleague to join us if you can!

It is that season of the year

Our board donates almost 3000 hours a year to climate work in Montana, but we still need administrative help and supporters to keep us going. We want to thank all past, present, and future donors! Time, talent, creativity, and money are all needed to advance climate action in Montana, and healthcare people are some of the best messengers! We have a match for the first $2000 donated!

Dr. Allison Young, in just one minute, tells us why she gives

Donate if you can
An incredible 185 of you signed the letter to DEQ that was sent this week, telling them that we want them to consider climate effects when they issue permits. THANK YOU!

46,000,000 HCPs !!

46 million healthcare professionals sent a letter asking that the COP commit to an accelerated, just and equitable phaseout of fossil fuels and invest in a renewable energy transition!

1st Annual MT Youth Climate Summit an Outstanding Success!

50 youth and many adults from across MT converged on Livingston in mid-October. World-class speakers and workshops engaged and inspired our H.S. students.

Is anyone interested in helping plan for 2024?

A Time to Give Thanks

We have so many amazing groups in MT working on climate. We want to thank each of them for the collaborations this past year (in no order)
