Isabelle Johnson - U.M.
Leader - U.M.Student Chapter of MtHPHC

Pediatrician-hopeful Isabelle Johnson wants to make a positive impact and find solutions to the climate crisis. Read more about her and the UM Student Chapter here.

***We would love to see student chapters begun on other campuses - any professors or students interested?***

***2 EARTH DAY CHALLENGES!***

1) Consider tabling for MtHPHC at an event in your town - we can send supplies and info to you

2) Challenge: consider asking a local high school teacher if you can teach a class. The American Public Health Association has a great toolkit with all you need to teach a class on climate and health. Please tell us if you do it!
*VIRTUAL or IN-PERSON*

Only 12 days until our 2nd annual conference. Please consider attending. We have received a fantastic amount of support from hospitals and medical societies! More info/register [here](#).
